You might manage a day spa
in a tourist town, own a wellness
center and yoga studio, or work
as an esthetician at a resort spa.
Your facility might span 500 or
5,000 square feet, and you might
employ anywhere from 5 to 50
staff members. Regardless of their
specs, it's fair to say that no two
spas are exactly alike.

DAYS SPA's 2015 Holiday Gift
Guide was inspired by seven
types of spas, but we know our
readers don't fit perfectly into
these categories. No matter your
business's size or location, as the
gift-giving season approaches, we
hope you'll draw inspiration from
this slew of gorgeous, retail-ready
products we've gathered for you
and your clientele.
And with that, happy retailing!
